

PUMP SCHOOL

INVITATION

COURSE:

**GRUNDFOS CONTROLLERS
AND TOOLS**

DATES & VENUES:

6th March - Leighton Buzzard

12th March - Sunderland

This course is a hands on approach on how to use Grundfos controllers and associated tools.

We will look at using; Grundfos GO, CU352, CUE and GRM, and the ways in which they interact with Grundfos Product Center.

Also a brief overview look at maintenance of pumps such as MAGNA, TP, CR and End Suction pumps.

This course is aimed at people will relatively good pump knowledge.

It is strongly advised to bring Grundfos GO and IOS/Android device along to get the most out of this course.
